Service Contract Act: The Service Contract Act (SCA) is applicable to this contract as it applies to the entire Professional Services Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and / or when the contractor adds SCA labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

CONNECTLIVE COMMUNICATIONS, INC. PROFESSIONAL SERVICES

ConnectLive provides highly reliable and robust digital video/audio transmission and archival services. We transmit and receive public and private content globally through multiple methods: camera production crews, satellite, high-speed secure wireless, fiber optic circuits, and via the internet.

<i>Services Offered</i>	<i>Description</i>
<i>Web Design and Hosting Services</i>	ConnectLive delivers thousands of major live and archived webcasts with transmissions which can be easily and instantly integrated into client internet and intranet web sites. Content accessible through the web can be password protected, encrypted, or made available to the general public and press, if desired. ConnectLive owns and operates an extensive array of servers in order to deliver the finest quality transmission and archival.
<i>Press & Public Relations</i>	ConnectLive assists customers in the development of effective technical and information strategies to provide maximum access to local and national media.
<i>Radio, TV & Public Service Announcement Services</i>	ConnectLive provides various live transmission services on a daily basis to the major television broadcast networks.
<i>Videotape & Film Production services</i>	ConnectLive provides top quality digital video/audio production and transmission services. We provide the highest-quality special event video transmission originating from our single or multi- camera production crews (location or in-house). For continuous 24x7 broadcasts, ConnectLive installs and operates custom video/audio acquisition and live transmission systems. The company organizes and delivers one and/or two-way satellite video/audio conferences, including on-site video production combined with multiple uplinks and downlinks in order to enable an organization to have high-resolution face-to-face video meetings.
<i>ConnectLive Custom and Wireless Solutions</i>	ConnectLive offers high-speed wireless live video transmission services, as well as custom video/audio transmission applications.
